**BEMAX**  
RESOURCES LIMITED

## **Mechanical Technician x 2 (Boilermaker/Fitter)**

***This is an exciting time for Bemax and for any professional in the mineral sands industry. Bemax is a leading producer of mineral sands products and its parent company, Cristal, is one of the largest producers and suppliers of titanium dioxide in the world.***

***An opportunity exists for two experienced Mechanical Technicians to join our team based at our minesite just south of Bunbury.***

Applicants must have relevant trade qualification, a HR driver's licence and at least 4-5 years post-trade experience and a willingness to do both fitting and Fabrication work within the mechanical discipline. Minerals sands experience will be well regarded.

*Duties will include but not be limited to:*

- Assist with maintenance activities, including preventative maintenance, breakdown repairs, servicing of pumps and mining equipment, fault finding as required and accurate record keeping.
- Fabrication of pipe spools and equipment on an as needed basis
- Help develop tools, jigs, methods and procedures.
- Construct, dismantle and modify fixed plant and equipment as required.
- Be available for extra hours as required including callouts and weekend roster coverage.
- Gain operation knowledge of all production equipment and circuits.
- Other duties as required.

Bemax Resources provides training to further develop existing skills with a strong focus on safety and a supportive working environment. These roles require self starters with a flexible and team-based work approach.

Interested applicants should for their details to [hr@bemax.com.au](mailto:hr@bemax.com.au)
